

Road and Grounds Report

January 5, 2023

Accomplishments since the last board meeting

Road and Ground work

- Seth Trinkle continues to monitor and clean culverts and do our mowing. This fall his crew also did a good job at leaf removal from our roads. We are pleased with his service.
- Ed Wagler graded the hilly portions of SC roads in November. In general, the roads remain in good shape.
- C&H landscaping are on board to do any snow removal as needed.

Future Projects

- We are waiting on a quote to put in a small handicap parking spot near the boat dock ramp.
- New private road signs and posts have been purchased and will be installed later this spring.
- The low end of culvert #10 needs some rock reinforcement added. This will be done by Seth Trinkle.
- Ed Wagler will regrade SC roads in April after the heavy spring rains are behind us.
